

The Patient Network – Annual calendar 2017

The Patient Network brings together patient participation groups (PPGs) in Bradford City and Districts CCG areas and allows you to get involved with, and influence, decisions about local health services. The network also provides an opportunity for patient groups to share good practice and support each other's development.

Meetings are open to members of PPGs, patient engagement leads, practice volunteers and Practice Health Champions. We reimburse travel expenses for members of the public, carers and patients. Refreshments are provided at each meeting.

	Meeting	Date	Time	Venue

Steering Group meetings

The Steering Group is made up of members from the network and CCG staff. The group is responsible for planning the meetings and supporting development. If you have any feedback or wish to contribute to the planning and development of the network, you are welcome to join the group or provide feedback to help the group make decisions.
